

RECYL UV QUICKWASH
HEALTH AND SAFETY DATA SHEET 91/155/EEC
09.02.2004

1. Product and manufacturer description

Product name: **QUICK'WASH "UV"**

Manufacturer informations:

RECYL SARL

17 Rue de Montréal / Ville la Grand

FRANCE/ 74100 ANNEMASSE

TEL: 0033/ 450 92 48 68 FAX: 0033/ 450 95 54 72

NFPA HAZARD IDENTIFICATION SYSTEM :

HEALTH : 2

FIRE : 2

REACTIVITY : 1

PERSONAL PROTECTION : 1

HAZARD RATING :

4 = Extreme

3 = High

2 = Moderate

1 = Slight

0 = Insignifacnt

2. Product composition

Chemical specifications: Contains ALCOXYETHERALCOHOL

Component which can be dangerous:

Composition is strictly confidential

Nr- CAS	Name	Content	Symbol	R-sentence
112-34.5	Alcoxyetheralcohol	> 65%	Xi	R 36

3. Possible danger of the mixture

Danger description: Irritating

Main risk for the user: R 36 Irritating to eyes

4. First emergency actions

Ingestion: No special measures required, except in case of an important dose (risk of central nervous system depression)

Eye contact: Rinse with plenty of water

5. Extinguishing products

recommended: CO₂, powders and mosses, water.

not recommended: none.

6. Precautions in case of leak

Personal protection : see chapter 7 and 8

Environmental protection: Prevent product from entering the drain .

Cleaning procedure: According to the quantity concerned, sponge up the excess with absorbent material (sand, earth,...) and / or rinse with water. Evacuate according to local regulations.

7. Handling and storage

Handling

Avoid to breath vapours and contact with eyes.

Storage

Incompatibility between products:

Do not store it close to oxidizing products. Use butyle rubber or PTFE for gaskets.

Storage adding informations:

Avoid contact with sources of ignition.

8. Exposition limits and personal protection means

Protection technical measures: No special measures are required except in case of heated material (respiratory protection).

Personal protection means:

Hands: gloves **Eyes:** goggles

9. Chemical and physical properties

Form: liquid	Colour: light blue	Odour: weak, fruity
Flash point ()		101°C (in closed cupel) 115°C (in open cupel)
Viscosity	20°C	7 seconds (cupel FORD IV)
Density	20°C	0,954 g/cm ³ (about)
Solubility in water	20°C	100%
Vapor pressure	20°C	0.01 hPa
Boiling point		231°C
Auto-ignition temperature		228°C
Explosivity limits	%	0.7 < _x <1.0
Decomposition temperature		T°>300°C
Speed of evaporation		< 0,01 (acetate of butyl = 1)

10. Stability and reactivity

Precautions to take: Avoid high temperatures and exposure to direct sunlight. **QUICK'WASH "UV"** can react with strong oxidising agents.

11. Toxicological informations

Long term toxicity: no long term effect due to repeated exposure has been shown
QUICK'WASH "UV" ingestion in small quantity is safe. In case of important quantity, consult a doctor (see chapter 4)

12. Ecological informations

Biodegradability: DBO = 92% of THOD. Easy biodegradability.
Bioaccumulation: no risk (bioconcentration factor = 4)
Ecotoxicity: Not classified as nocive for aquatic species

13. Disposal recommendations

Do not flush into surface water (brooks, ponds...)

14. Transport informations

QUICK'WASH "UV" is not classified by **Land, Sea and Air** regulations

15. Prescriptions

Product description: Xi irritant
Dangerous component which has to be labelled: Confidential
Danger sentences:
R 36 Irritating to the eyes
First emergency sentences:
S 26 In case of contact with eyes, rinse with plenty of water and consult a doctor.

16. Adding informations

QUICK'WASH "UV" is made for rinsing and cleaning of spare parts polluted with UV inks.
