

Quick Wash Premium

- Clean flexographic ink systems and printing plates in or out of the press.
 - Compatible with water based inks and coatings.
 - Biodegradable and safe to use.

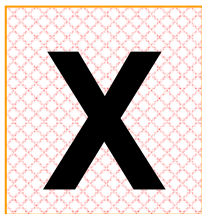

Directions for Use

- Mix the contents (20L) of the ECO-REFILL and pour it in an empty 220L drum.
- Top up the drum with water, mix well and product is ready!
- To use the QW Premium as a flushing additive just add 5/10% of the QW premium each time you flush the printing unit.
- Collect excess ink from press.
- Do NOT rinse with water prior to applying **Quick Wash Premium**.
- Run press for 5 – 15 minutes or according to OEM's recommendations.
- Rinse with fresh water to wash away **Quick Wash Premium** solution.
- Dry with a clean damp rag.

Recommendation: Use **Recyl Clean 2000** a couple times a week for maximum results.

CLEANING PRINTING PLATES

- Apply undiluted **Quick Wash Premium** to plates and let stand for 2-3 minutes.
- Brush plates with Flexo Concepts' **Horsehair Plate Cleaning Brush**.
- Rinse with fresh water to wash away **Quick Wash Premium** solution.
